Barbara:

Attached is a revised workbook for Gulfco with the SDMS references added to the Materials tab. GRB also added a Comments column on the right to list which files are redacted. This submittal has not been thoroughly QC'ed because of reduced personnel today and so is considered a draft. It will be QC'ed on Monday, so please let me know if there are other changes you would like done.

Have a very Happy (and safe!) New Years celebration.

Louise
